

## **Pentegra Retirement Services Announces Website Enhancements**

White Plains, New York, June 22, 2016 -- Last week, Pentegra Retirement Services launched improvements to its online account and plan management platform, Pentegra OnLine, which will significantly enhance the user experience.

According to Rich Rausser, Vice President, Pentegra Retirement Services, "The new online dashboard and enhanced tools have a fresh, robust functionality that will continue to help participants review their progress, access tips and advice, and get the support they need for retirement readiness."

The website's new dashboard landing page provides frequently accessed account information and key account metrics including current account balance, year-to-date contributions, personal rate of return and contribution rate. Participant's current investment elections and account allocation are displayed using colorful pie chart graphics. The dashboard also features a summary of recent account transactions.

Enhancements also include an improved navigation bar with easy to follow drop down menus. In addition, "Guidance Plus and Advice Plus" retirement and financial planning tools in the "Retirement Planning" section have also been updated.

Pentegra Retirement Services is a leading provider of retirement plan and fiduciary outsourcing solutions to organizations nationwide. Founded by the Federal Home Loan Bank System in 1943, Pentegra offers a broad array of qualified and non-qualified retirement plan solutions, third party administration (TPA) services and benefits financing solutions using bank owned life insurance (BOLI). In addition, Pentegra, through Pentegra Investors, Inc., also serves the needs of institutional investors, offering partial or complete investment outsourcing capabilities.
